

# TDXPress COILS

TechDevice has developed the TDXPress program for quick turn components required during product development and small manufacturing runs. Complete the following questionnaire to receive a price and lead time for your coil requirements. If you prefer direct service, contact us at 617-972-5800.

TDXPress Coils are made from 304V stainless steel. We use the materials listed and stock them to shorten lead times. If there is a material size not listed on these sheets, please note it and we will do our best to accommodate your request in a timely manner.
